Study «Unoccupied Dwellings» in Ambrières les Vallées

The council of Ambrières les Vallées wishes to improve the heart of the town centre by offering new residents a life style close to improved services and shopping. Currently, a number of empty dwellings are vacant. With this in mind the council has decided to carry out a study of dwellings within the limits of Ambrières les Vallées and Cigné.

The council, with the Normandie-Maine Regional Natural Park has delegated SOLIHA Mayenne to carry out a study of the reasons for low occupancy of dwellings. This study aims to identify the reason for an empty dwelling and to understand the owner's future intentions.

Therefore, all owners of empty dwellings will receive at the beginning of June 2018 a questionnaire. Depending on the feedback from this initiative a follow up telephone call will potentially be made by Mrs Tampier at the beginning of July.

We are counting on your participation to help SOLIHA Mayenne to complete the study and your active participation in the revitalisation of the town's centre.

If you require any further information please do not hesitate to contact Mrs Tampier by telephone **+33(0)243914760** or by email e.tampier@soliha.fr.
